GREAT COFFEE.
ORIGINAL ART.
REAL COMMUNITY.

Drink the coffee. Collect the art. Do some good.

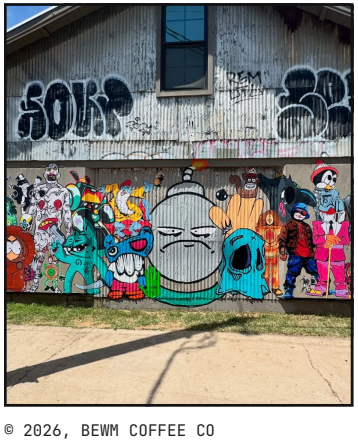

Built from Austin’s street art scene. Rooted in the belief that coffee, creativity, and community can do something good in the world.

GREAT COFFEE.

We've built BEWM on the belief that great coffee should do good – for the planet, for people, and for the craft itself. Every bag we ship carries a story: ethical sourcing, environmental responsibility, and the artistry that defines specialty coffee at its best.

GREAT CAUSE.

Every purchase helps support Something Good Initiative, an artist-led 501(c)(3) creating opportunities for artists, young people, creative community, and mental health awareness. We also provide coffee to Austin organizations serving people experiencing homelessness, food insecurity, and crisis.

GREAT COMMUNITY.

BEWM grew out of Austin's street art scene, where creativity has always been inseparable from collaboration and mutual support. After the loss of a young artist who signed his work BEWM, that community began asking how it could help more artists be seen, more people connect, and fewer young creatives feel alone. BEWM Coffee is how we're putting that idea into motion.

THE CANVAS SERIES

The Canvas Series is what sets BEWM apart from an ordinary coffee brand, and the idea behind it stays refreshingly simple. Each month brings:

01 / A NEW ARTIST

A new featured artist, original artwork, and fresh Canvas Series coffee every month.

02 / A NEW DROP

Coffee, artist-designed packaging, collectible art, tasting notes, and the occasional surprise inside.

03 / A REASON TO COME BACK

New stories, unexpected extras, and an evolving collection build anticipation for the next release.

Coffee to drink.
Art to spend
time with.
